

The logo icon consists of a grid of orange squares arranged in a pattern that resembles a stylized 'M' or a musical staff. It is composed of three vertical columns of squares: the left column has 5 squares, the middle column has 4 squares, and the right column has 5 squares. The squares are arranged in a staggered fashion, with the top row having squares in the first and third columns, the second row having squares in all three columns, the third row having squares in the first and third columns, and the fourth row having squares in all three columns.
